Independent Auditors' Review Report**

## **INDEPENDENT AUDITORS' REVIEW REPORT**

The Board of Directors and Stockholders  
Far EasTone Telecommunications Co., Ltd.

### **Introduction**

We have reviewed the accompanying consolidated balance sheets of Far EasTone Telecommunications Co., Ltd. ("Far EasTone") and its subsidiaries (collectively, the "Group") as of June 30, 2025 and 2024, the related consolidated statements of comprehensive income for the three months ended June 30, 2025 and 2024 and for the six months ended June 30, 2025 and 2024, the related consolidated statements of changes in equity and cash flows for the six months ended June 30, 2025 and 2024, and the related notes to the consolidated financial statements, including material accounting policy information (collectively referred to as the "consolidated financial statements"). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

### **Scope of Review**

We conducted our reviews in accordance with the Standards on Review Engagements of the Republic of China 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our reviews, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of June 30, 2025 and 2024, its consolidated financial performance for the three months ended June 30, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the six months ended June 30, 2025 and 2024 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are Yung-Hsiang Chao and Chih-Ming Shao.

## **NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED JUNE 30, 2025 AND 2024 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise)**

---

### **1. ORGANIZATION AND OPERATIONS**

Far EasTone Telecommunications Co., Ltd. (“Far EasTone”) was incorporated in the Republic of China (ROC) on April 11, 1997 and began commercial operations on January 20, 1998. Far EasTone’s stock was initially listed and commenced trading on the over-the-counter (OTC) securities exchange (also known as the Taipei Exchange, TPEx) of the ROC on December 10, 2001, but later ceased trading on the TPEx and transferred listing of its stock on the Taiwan Stock Exchange (TWSE) on August 24, 2005. Far EasTone registered as a telecommunications enterprise with the approval of the National Communications Commission (NCC). Far EasTone registered its business items in accordance with the Telecommunications Management Act. Far EasTone’s main businesses include mobile telecommunications services (including voice and internet services), international simple resale services, digital value-added services, sale of cellular phone equipment and accessories and enterprise information and communication integration services, etc.

For long-term business development, on October 30, 2013, Far EasTone bid for and was granted two fourth-generation (4G) wireless communications concessions, GSM 700 and GSM 1800 (GSM stands for Global System for Mobile Communications), which are valid through December 31, 2030. From 2015 to 2017, Far EasTone bid for and was granted another two fourth-generation (4G) wireless communications concessions, GSM 2600 and GSM 2100, both of which are valid through December 31, 2033. In February 2020, Far EasTone bid for and was granted two fifth-generation (5G) wireless communications concessions of 3.5GHz spectrum and 28GHz spectrum, which are valid through December 31, 2040. On December 15, 2023, Far EasTone merged with Asia Pacific Telecom Co., Ltd. (“APTC”) through a share swap, expanding our fixed network communication service operations.

Far EasTone’s ultimate parent is Far Eastern New Century Corporation (“Far Eastern New Century”). As of June 30, 2025 and 2024, Far Eastern New Century and its affiliates directly and indirectly owned 32.82% of Far EasTone’s shares, and appointed the chairman, which showed de facto control over Far EasTone. Thus, Far Eastern New Century is the ultimate parent company of Far EasTone.

The consolidated financial statements of Far EasTone and its subsidiaries, collectively referred to as the Group, are presented in New Taiwan dollars, the functional currency of Far EasTone.

### **2. APPROVAL OF CONSOLIDATED FINANCIAL STATEMENTS**

The consolidated financial statements were approved by the board of directors of Far EasTone on August 6, 2025.

### 3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRS Accounting Standards”) endorsed and issued into effect by the Financial Supervisory Commission (FSC)

#### Amendments to IAS 21 “Lack of Exchangeability”

The initial application of the Amendments to IAS 21 “Lack of Exchangeability” endorsed and issued into effect by the FSC did not have a material impact on the Group’s accounting policies.

- b. The IFRS Accounting Standards endorsed by the FSC for application starting from 2026

<b>New IFRSs</b>	<b>Effective Date Announced by IASB</b>
Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments”	January 1, 2026
Amendments to IFRS 9 and IFRS 7 “Contracts Referencing Nature-dependent Electricity”	January 1, 2026
Annual Improvements to IFRS Accounting Standards - Volume 11	January 1, 2026
IFRS 17 “Insurance Contracts”	January 1, 2023
Amendments to IFRS 17	January 1, 2023
Amendments to IFRS 17 “Initial Application of IFRS 17 and IFRS 9 - Comparative Information”	January 1, 2023

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact of the application of the amendments on the Group’s financial position and financial performance.

- c. The IFRS Accounting Standards in issue but not yet endorsed and issued into effect by the FSC

<b>New IFRSs</b>	<b>Effective Date Announced by IASB (Note)</b>
Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between an Investor and its Associate or Joint Venture”	To be determined by IASB
IFRS 18 “Presentation and Disclosure in Financial Statements”	January 1, 2027
IFRS 19 “Subsidiaries without Public Accountability: Disclosures”	January 1, 2027

Note: Unless stated otherwise, the above IFRS Accounting Standards are effective for annual reporting periods beginning on or after their respective effective dates.

#### IFRS 18 “Presentation and Disclosure in Financial Statements”

IFRS 18 will supersede IAS 1 “Presentation of Financial Statements”. The main changes comprise:

- 1) Items of income and expenses included in the statement of profit or loss shall be classified into the operating, investing, financing, income taxes and discounted operations categories.
- 2) The statement of profit or loss shall present totals and subtotals for operating profit or loss, profit or loss before financing and income taxes and profit or loss.

- 3) Provides guidance to enhance the requirements of aggregation and disaggregation: The Group shall identify the assets, liabilities, equity, income, expenses and cash flows that arise from individual transactions or other events and shall classify and aggregate them into groups based on shared characteristics, so as to result in the presentation in the primary financial statements of line items that have at least one similar characteristic. The Group shall disaggregate items with dissimilar characteristics in the primary financial statements and in the notes. The Group labels items as “other” only if it cannot find a more informative label.
- 4) Disclosures on Management-defined Performance Measures (MPMs): When in public communications outside financial statements and communicating to users of financial statements management’s view of an aspect of the financial performance of the Group as a whole, the Group shall disclose related information about its MPMs in a single note to the financial statements, including the description of such measures, calculations, reconciliations to the subtotal or total specified by IFRS Accounting Standards and the income tax and noncontrolling interests effects of related reconciliation items.

Except for the above impact, as of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact of the application of other standards and interpretations on the Group’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

#### **4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION**

a. Statement of compliance

The interim consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34 “Interim Financial Reporting” as endorsed and issued into effect by the FSC. Disclosure information included in these interim consolidated financial statements is less than the disclosure information required in a complete set of annual consolidated financial statements.

b. Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments and investment properties that are measured at fair value, and net defined benefit assets/liabilities which are measured at the present value of the defined benefit obligation less the fair value of plan assets.

c. Basis of consolidation

The consolidated financial statements incorporate the financial statements of Far EasTone and the entities controlled by Far EasTone (i.e., its subsidiaries).

Income and expenses of subsidiaries acquired or disposed of during the period are included in the consolidated statements of profit or loss and other comprehensive income from the effective dates of acquisitions up to the effective dates of disposals, as appropriate.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by Far EasTone.

All intra-group transactions, balances, income and expenses are eliminated in full upon consolidation.

Total comprehensive income of subsidiaries is attributed to the owners of Far EasTone and to the noncontrolling interests even if this results in the noncontrolling interests having a deficit balance.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the noncontrolling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the noncontrolling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to the owners of Far EasTone.

Refer to Note 11, Schedule F and Schedule G for detailed information on subsidiaries, including the percentages of ownership and main businesses.

d. Other material accounting policy information

Except for the following, the accounting policies applied in the interim consolidated financial statements are consistent with those applied in the consolidated financial statements for the year ended December 31, 2024. For the summary of other material accounting policies, refer to the consolidated financial statements for the year ended December 31, 2024.

1) Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year.

2) Income tax expense

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period's pre-tax income the tax rate that would be applicable to expected total annual earnings.

## 5. MATERIAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The material accounting judgments and key sources of estimation uncertainty are the same as those applicable to the consolidated financial statements for the year ended December 31, 2024.

## 6. CASH AND CASH EQUIVALENTS

	<b>June 30, 2025</b>	<b>December 31, 2024</b>	<b>June 30, 2024</b>

<u>Investments in equity instruments - noncurrent</u>			
Domestic/foreign unlisted common stock	\$ <u>862,514</u>	\$ <u>842,134</u>	\$ <u>668,419</u>

These investments in equity instruments are not held for trading. Instead, they are held for medium to long-term strategic purposes. Accordingly, the management elected to designate these investments in equity instruments as at FVTOCI as they believe that recognizing short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Group's strategy of holding these investments for long-term purposes.

## 8. FINANCIAL ASSETS AT AMORTIZED COST

The Group entered into a finance lease agreement with a client to lease out its data center equipment as part of the project business services provided to the client. The term of the finance lease entered into was 3-11 years. The interest rate inherent in the lease was 3.0%-4.5%, which was determined at the contract date and was fixed for the entire term of the lease.

The Group's credit period for the accounts receivable is 30 to 60 days.

In order to minimize credit risk, the management of the Group has delegated a team responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of notes receivable and accounts receivable at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Group's credit risk was significantly reduced.

The Group measures the loss allowance for all notes receivable and accounts receivable at an amount equal to lifetime expected credit loss (ECLs). The expected credit losses on notes receivable and accounts receivable are estimated using an allowance matrix prepared by reference to the past default records of the debtor and an analysis of the debtor's current financial position, adjusted for the general economic conditions of the industry in which the debtor operates and an assessment of both the current as well as the forecasted direction of economic conditions at the reporting date. As the Group's historical credit loss experience does not show significantly different loss patterns for different customer segments, the allowance for losses based on the past due status of receivables is not further distinguished according to different segments of the Group's customer base.

The Group writes off an allowance for impairment loss when there is evidence indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery of the receivable. For notes receivable and accounts receivable that have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due.

The Group's expected credit loss rate ranges of receivables which were not overdue and receivables which were overdue were 0.00%-6.16% and 0.002%-100%, respectively.

The Group measures the loss allowance for finance lease receivables at an amount equal to lifetime ECLs. The respective leased equipment served as collateral for the finance lease receivables. As of June 30, 2025, December 31, 2024 and June 30, 2024, no finance lease receivable was past due. The Group has not recognized a loss allowance for finance lease receivables after taking into consideration the historical default experience and the future prospects of the industries in which the lessees operate, together with the value of collateral held over these finance lease receivables.

The following table details the loss allowance of notes receivable and accounts receivable based on the Group's allowance matrix:

	<u>\$ 986,816</u>	<u>\$ 1,044,272</u>	<u>\$ 1,962,624</u>	<u>\$ 2,244,456</u>

Except for the aforementioned additions and recognized depreciation, the Group did not have any significant sublease or impairment of right-of-use assets during the six months ended June 30, 2025 and 2024.

### b. Lease liabilities

	<b>June 30, 2025</b>	<b>December 31, 2024</b>	<b>June 30, 2024</b>
<u>Carrying amount</u>			
Current	<u>\$ 3,178,494</u>	<u>\$ 2,938,331</u>	<u>\$ 3,191,919</u>
Noncurrent	<u>\$ 6,973,762</u>	<u>\$ 5,495,619</u>	<u>\$ 5,188,959</u>

Discount rate ranges for lease liabilities were as follows:

	<b>June 30, 2025</b>	<b>December 31, 2024</b>	<b>June 30, 2024</b>
Land	1.71%	1.71%	1.38%

Other equipment	1.54%-2.31%	0.72%-2.31%	0.59%-2.31%

c. Material lease activities and terms (the Group is lessee)

The Group leased some of the land and buildings for cell sites, data centers, offices and retail stores and leased other equipment for operating uses with lease terms of 1 to 30 years. The Group does not have bargain purchase options to acquire the land, buildings and equipment at the end of the lease terms.

d. Other lease information

Total cash outflow for leases			\$ <u>1,766,064</u>	\$ <u>2,026,005</u>

The Group has elected to apply the recognition exemption for the lease of certain buildings and other equipment that qualify as short-term leases and thus did not recognize right-of-use assets and lease liabilities for these leases.

Lease arrangements under operating leases for the leasing out of investment properties are set out in Note 15.

## 15. INVESTMENT PROPERTIES

	June 30, 2025	December 31, 2024	June 30, 2024
Balance of investment properties	\$ <u>887,751</u>	\$ <u>887,751</u>	\$ <u>874,705</u>

The lease terms of investments properties range from 1-5 years. The rights of lease term extension contain clauses for market rental reviews. The lessee does not have a bargain purchase option to acquire the investment property at the expiry of the lease period.

The maturity analysis of lease payments receivable under operating leases of investment properties is as follows:

	June 30, 2025	December 31, 2024	June 30, 2024
Year 1	\$ 15,341	\$ 16,809	\$ 15,028
Year 2	8,973	10,121	10,931
Year 3	1,990	6,367	7,329
Year 4	—	—	1,667
	\$ <u>26,304</u>	\$ <u>33,297</u>	\$ <u>34,955</u>

The fair values of investment properties measured at fair value on a recurring basis are as follows:

	<b>June 30, 2025</b>	<b>December 31, 2024</b>	<b>June 30, 2024</b>
Independent valuation	<u>\$ 887,751</u>	<u>\$ 887,751</u>	<u>\$ 874,705</u>

The fair values of the investment properties as of December 31, 2024 and 2023 were based on the valuations respectively carried out on January 10, 2025, January 23, 2025, January 3, 2024 and January 12, 2024 by independent qualified professional valuator Mr. Tsai, Chia-Ho. The aforementioned valuers are from DTZ Cushman & Wakefield, a member of certified ROC real estate appraisers. After consultation with the appraisers, the Group determined that the fair values reported as of December 31, 2024 and 2023 were still valid as of June 30, 2025 and 2024, respectively.

The fair value of investment properties was measured using the income approach. The significant assumptions used are stated below. An increase in estimated future net cash inflows or a decrease in discount rates would result in an increase in the fair value.

	<b>June 30, 2025</b>	<b>December 31, 2024</b>	<b>June 30, 2024</b>
Expected future cash inflows	\$ 1,116,696	\$ 1,116,696	\$ 1,069,054
Expected future cash outflows	<u>(46,758)</u>	<u>(46,758)</u>	<u>(44,661)</u>
Expected future cash inflows, net	<u>\$ 1,069,938</u>	<u>\$ 1,069,938</u>	<u>\$ 1,024,393</u>
Discount rate	2.47%-3.095%	2.47%-3.095%	2.345%-2.97%

The market rentals in the area where the investment properties are located were between \$1 thousand and \$14 thousand per ping per month (1 ping = 3.3 square meters). The market rentals for comparable properties were between \$1 thousand and \$14 thousand per ping per month.

All of the investment properties have been leased out under operating leases. The rental incomes generated were \$4,872 thousand and \$4,696 thousand for the three months ended June 30, 2025 and 2024, respectively, and \$9,714 thousand and \$9,378 thousand for the six months ended June 30, 2025 and 2024, respectively.

The expected future cash inflows generated by investment properties referred to rental income, interest income on rental deposits, loss on vacancy rate of space and disposal value. The rental income was extrapolated using the comparative market rentals covering 10 years, excluding values that are overly high or overly low, taking into account the annual rental growth rate, loss on vacancy rate of space was extrapolated using the vacancy rates of the neighboring stores and factories, the interest income on rental deposits was extrapolated using the interest rate announced by the central bank for the one-year average deposit interest rate of five major banks, which was 1.7% and 1.575% for the years ended December 31, 2024 and 2023, respectively, and the disposal value was determined using the direct capitalization method under the income approach. The expected future cash outflows on investment properties included expenditures such as land value taxes, house taxes, insurance premium, management fee, maintenance costs, replacement allowance and depreciation. The expenditures were extrapolated on the basis of the current level of expenditures, taking into account the future adjustment to the government-announced land value and the tax rate promulgated under the House Tax Act.

The discount rate was determined by reference to the local same class product, a reasonable rental income level and the selling price of investment properties taking into consideration the liquidity, potential risk, appreciation and the complexity of management; in addition, the discount rate should not be lower than the interest rate for two-year time deposits of Chunghwa Post Co., Ltd. plus 0.75%.

Some of the fair values of investment properties are measured using a land development analysis. An increase in the estimated total sales price, an increase in the rate of return, or a decrease in the overall capital interest rate would all result in an increase in the fair value. The significant assumptions used were as follows:

	<b>June 30, 2025</b>	<b>December 31, 2024</b>	<b>June 30, 2024</b>
Estimated total sales price	<u>\$ 332,191</u>	<u>\$ 332,191</u>	<u>\$ 308,268</u>
Rate of return	15.00%	15.00%	15.00%
Overall capital interest rate	5.88%	5.88%	5.72%

	<u>\$ 20,021,766</u>	<u>\$ 21,362,840</u>	<u>\$ 21,258,559</u>

Capital surplus from business combinations and difference between consideration and carrying amount of subsidiaries acquired or disposed may be used to offset a deficit. When Far EasTone has no deficit, such capital surplus and difference between consideration and carrying amount of subsidiaries acquired or disposed may be distributed as cash dividends or may be transferred to capital stock once a year within a certain percentage of Far EasTone's paid-in capital. Capital surplus from share of changes in equities of associates, changes in ownership interests in subsidiaries, and unclaimed dividends may be used to offset a deficit only.

c. Retained earnings and dividend policy

Under the dividend policy as set forth in Far EasTone's articles of incorporation (the "Articles"), where Far EasTone made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses in previous years, setting aside 10% of the net profit after tax plus the items other than the net profit after tax which is included in the current year's retained earnings as legal reserve, setting aside or reversing a special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by Far EasTone's board of directors as the basis for proposing a distribution plan, which should be resolved in the stockholders' meeting for the distribution of dividends and bonuses to stockholders. For the policies on the distribution of compensation of employees and remuneration of directors, refer to Note 25 d. compensation of employees and remuneration of directors.

At least 50% of the balance of net income less accumulated deficit, legal reserve and special reserve should be appropriated as dividends. The cash dividends should be at least 50% of total dividends declared. The adjustment of this percentage may be approved by the stockholders depending on the cash requirement for any significant future capital expenditures or plans to improve the financial structure.

The legal reserve may be used to offset a deficit. If Far EasTone has no deficit and the legal reserve exceeds 25% of Far EasTone's paid-in capital, the excess may be transferred to capital or distributed in cash.

In accordance with applicable regulations, a special reserve shall be appropriated or reversed based on the net debit balance of other equity items (such as cumulative translation adjustments from the translation of financial statements of foreign operations, unrealized gains or losses on financial assets measured at fair value through other comprehensive income, and gains or losses from hedging instruments), as well as changes in the fair value of investment property measured using the fair value model.

The appropriations of earnings for 2024 and 2023, which have been approved in the stockholders' meetings on May 16, 2025 and June 21, 2024, respectively, were as follows:

	<b>For the Year Ended December 31</b>	
	<b>2024</b>	<b>2023</b>
Legal reserve	\$ 1,285,253	\$ 868,412
Special reserve	71,931	(1,686,846)
Cash dividends	11,494,989	9,501,034
Cash dividends per share (NT\$)	3.188	2.635

In addition to distributing cash dividends at NT\$3.188 and NT\$2.635 per share from the unappropriated earnings for the years ended December 31, 2024 and 2023, Far EastTone's stockholders approved \$1,341,322 thousand and \$2,217,509 thousand from the capital surplus at NT\$0.372 and NT\$0.615 per share in 2024 and 2023. Therefore, Far EastTone's stockholders received at NT\$3.56 and NT\$3.25 per share in 2024 and 2023.

As of June 30, 2025 and 2024, Far EastTone's cash dividends for 2024 and 2023 amounted to \$12,836,311 thousand and \$11,718,543 thousand were included in other payables.

For details of notes receivable and accounts receivable, refer to Note 9.

For the six months ended June 30, 2025 and 2024, the changes in contract asset and contract liability balances primarily resulted from the timing difference between the Group's satisfaction of performance obligations and the respective customer's payment.

The Group measures the loss allowance for contract assets at an amount equal to lifetime ECLs. The expected credit losses on contract assets are estimated using an allowance matrix by reference to past default experience with the debtor and an analysis of the debtor's current financial position, adjusted for the general economic conditions of the industry in which the debtor operates, the unemployment rate and an assessment of both the current as well as the forecasted direction of economic conditions at the reporting date.

d. Compensation of employees and remuneration of directors

According to the Far EasTone's Articles, Far EasTone distributes compensation of employees and remuneration of directors at rates of 1% to 2% and no higher than 1%, respectively, of income before income tax, compensation of employees and remuneration of directors. In accordance with the amendments to the Securities and Exchange Act in August 2024, the shareholders of Far EasTone resolved at the 2025 annual general meeting held on May 16 to amend the Articles of Incorporation. The amendments explicitly stipulate that no less than 30% of the employee compensation allocated for the year shall be distributed to non-executive employees.

Far EasTone's compensation of employees is estimated on a pro rata basis based on income before income tax, compensation of employees and remuneration of directors, and the remuneration of directors is assessed based on the current period's profitability and estimated according to the expected payout amount. If there is a change in the amounts after the annual consolidated financial statements are authorized for issue, the differences are recorded as a change in the accounting estimate. The accrued compensation of employees and remuneration of directors for the three months and six months ended June 30, 2025 and 2024 were as follows:

	<b>For the Three Months Ended June 30</b>		<b>For the Six Months Ended June 30</b>	
	<b>2025</b>	<b>2024</b>	<b>2025</b>	<b>2024</b>

Since Far EasTone may settle the compensation paid to employees in cash or stock, Far EasTone assumes that the entire amount of the compensation will be settled in stock and the resulting potential stock will be included in the weighted average number of common stock outstanding used in the calculation of diluted earnings per share, if the effect was dilutive. Such dilutive effect of the potential stock was included in the calculation of diluted earnings per share until the number of stock to be distributed to employees is resolved in the following year.

## 28. SHARE-BASED PAYMENT ARRANGEMENT

## 29. BUSINESS COMBINATIONS

### APTC

In order to enhance competitiveness, expand the business scale and achieve operating synergy, Far EasTone issued stocks to merge with APTC, as the share exchange ratio was one share of APTC for 0.0934406 share of Far EasTone. APTC's main businesses included fixed-line and mobile telecommunication services. The effective date of the merger was December 15, 2023, with Far EasTone as the surviving company. An appraisal report was obtained in the fourth quarter of 2024, and the provisional amount from the merger date has been adjusted based on the report, with comparative information restated accordingly.

### FDS

On December 15, 2023, Far EasTone merged with APTC and acquired 40.40% of FDS's equities. In order to develop the market of information and communication technology and achieve the operating synergy, Far EasTone obtained the control of FDS's operation, finance and personnel on May 1, 2024 and recognized FDS as a subsidiary thereafter.

a. Assets acquired and liabilities assumed at the date of acquisition

	<b>FDS</b>
Cash and cash equivalents	\$ 259,675
Accounts receivable	153,515
Inventories	652,804
Other assets	238,150
Borrowings	(100,000)
Trade and other payables	(558,783)
Contract liability	(378,652)
Other liabilities	<u>(69,101)</u>
The fair value of the identified net assets acquired	<u>\$ 197,608</u>

b. Noncontrolling interests

The noncontrolling interest (a 59.60% ownership interest in FDS) recognized at the acquisition date was measured by reference to the fair value of the noncontrolling interest and amounted to \$117,777 thousand. This fair value was estimated by applying a market value.

c. Goodwill recognized on acquisitions

	<b>FDS</b>
Consideration for the acquisition	
Fair value of FDS's shares held by Far EasTone at the acquisition date	\$ 146,918
Add: noncontrolling interests	117,777
Less: Fair value of the identified net assets acquired	<u>(197,608)</u>
Goodwill recognized on acquisitions	<u>\$ 67,087</u>

The goodwill generated from the acquisition of FDS mainly represents the benefits of expected synergies of mergers, revenue growth, future market developments and the assembled workforces of FDS. These benefits are not recognized separately from goodwill because they do not meet the recognition criteria for identifiable intangible assets.

The total amount of acquired goodwill is not tax-deductible.

d. Impact of acquisitions on the results of the Group

Had FDS concluded the acquisition at the beginning of 2024, the Group's operating revenue for the three months and six months ended June 30, 2024 would have been \$25,012,217 thousand and \$50,889,989 thousand, respectively, and the Group's net income for the three months and six months ended June 30, 2024 would have been \$3,138,628 thousand and \$6,079,163 thousand, respectively. This pro forma information is for illustrative purposes only and is not necessarily an indication of the revenue and results of operations of the Group that actually would have been achieved had the acquisition been completed at the beginning of the acquisition year, 2024, nor is it intended to be a projection of future results.

### 30. EQUITY TRANSACTIONS WITH NONCONTROLLING INTERESTS

In January 2025, the Group acquired a portion of the shares of Yuanshi Digital Technology Co., Ltd.(YSDT) from non-controlling interests for cash consideration, resulting in a slight increase in its ownership percentage.

In January 2024, the Group disposed of a portion of its equity interest in Nextlink Technology, decreasing its continuing interest from 67.29% to 64.60%.

The above transactions were accounted for as equity transactions since the Group did not cease to have control over these subsidiaries.

### 32. FINANCIAL INSTRUMENTS

Financial instruments measure by fair value, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, are described as follows:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: Inputs are unobservable inputs for the asset or liability.

Note 2: The balances include financial liabilities at amortized cost, which comprise short-term borrowings, short-term bills payable, notes payable, accounts payable (including related parties), other payables (including related parties), bonds payable (including current portion), long-term borrowings (including current portion) and guarantee deposits received.

d. Financial risk management objectives and policies

The Group's major financial instruments include equity and debt investments, accounts receivable, accounts payable, bonds payable and borrowings. The Group's corporate treasury function provides services to the business, coordinates access to domestic and international financial markets, and monitors and manages the financial risks relating to the operations of the Group through internal risk reports which analyze exposures by degree and magnitude of risks. These risks include currency risk, interest rate risk, credit risk and liquidity risk. In order to reduce financial risk, the Group is committed to identify, assess and avoid the uncertainty of market and reduce the potential downside effects of market changes against the Group's financial performance.

The Group's significant financial activities are reviewed by the board of directors of the entities in the Group in accordance with the related rules and internal control system. The Group should implement the overall financial management objective as well as observe the levels of delegated authority and ensure that those with delegated authority carry out their duties.

1) Market risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates (see Note (a) below), interest rates (see Note (b) below) and other price risks (see Note (c) below).

a) Foreign currency risk

The Group owns foreign currency-denominated assets and enters into transactions where expected future purchases or payments are denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed through investing in foreign currency deposits at the appropriate time.

Sensitivity analysis

The Group was mainly exposed to the U.S. dollar.

The following table details the Group's sensitivity to a 5% increase and decrease in the New Taiwan dollar (NTD) against the U.S. dollar. The sensitivity rate of 5% is used when reporting foreign currency risk internally to key management personnel, and it represents management's basis for assessing the reasonably possible changes in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency-denominated monetary items, for which their translation at the end of the reporting period is adjusted for a 5% change in foreign currency rates. The negative number shown in the currency impact table below indicates a decrease in pre-tax profit associated with the NTD strengthening 5% against the U.S. dollar. For a 5% weakening of the NTD against the U.S. dollar, there would be an equal and opposite impact on pre-tax profit, and the balances below would be positive.

	<b>USD Impact</b>	
	<b>For the Six Months Ended</b>	
	<b>June 30</b>	
	<b>2025</b>	<b>2024</b>
5% change in sensitivity rate		
USD	<u>\$ (39,920)</u>	<u>\$ (44,010)</u>

b) Interest rate risk

The Group is exposed to interest rate risk because entities in the Group borrow loans at both fixed and floating interest rates. To manage this risk, the Group maintains an appropriate mix of fixed and floating rate borrowings.

The carrying amounts of the Group's financial assets and financial liabilities with exposure to interest rates at the end of the reporting period were as follows:

	<b>June 30, 2025</b>	<b>December 31, 2024</b>	<b>June 30, 2024</b>
Fair value interest rate risk			
Financial assets	\$ 3,417,787	\$ 3,363,334	\$ 3,546,798
Financial liabilities	46,810,126	51,195,508	55,801,499
Cash flow interest rate risk			
Financial assets	4,778,328	5,009,278	4,325,892
Financial liabilities	4,194,392	9,620,934	5,022,476

Sensitivity analysis

The sensitivity analysis described below was based on the Group's exposure to interest rates for financial assets and financial liabilities at the end of the reporting period. An increase or decrease of 25 basis points is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. For the financial assets and financial liabilities with fixed interest rates, their fair values will change as the market interest rates change. For the financial assets and financial liabilities with floating interest rates, their effective interest rates will change as the market interest rates change.

Had interest rates been 25 basis points higher/lower and all other variables been held constant, the income before income tax for the six months ended June 30, 2025 and 2024 would have increased/decreased by \$730 thousand and \$871 thousand, respectively, which were mainly affected by bank deposits and borrowings with floating interest rates.

c) Other price risks

The Group is exposed to equity price risks through its equity investments in mutual fund beneficiary certificates, stock in domestic listed company obtained through private placement and domestic/foreign unlisted common stock. The Group manages the risk by holding a portfolio of investments with different risk levels. In addition, the Group has appointed a special team to monitor the price risk.

Sensitivity analysis

The following sensitivity analysis was determined based on the exposure to equity price risks at the end of the reporting period.

If equity prices had been 5% higher/lower, the pre-tax profit for the six months ended June 30, 2025 and 2024 would have increased/decreased by \$50,556 thousand and \$48,119 thousand, respectively, as a result of the changes in fair value of financial assets at FVTPL; and the pre-tax other comprehensive income for the six months ended June 30, 2025 and 2024 would have increased/decreased by \$43,126 thousand and \$33,421 thousand, respectively, as a result of the changes in fair value of financial assets at FVTOCI.

## 2) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations, resulting in a financial loss to the Group. As at the end of the reporting period, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to the failure of the counterparties to discharge their obligation and due to the financial guarantees provided by the Group arises from the carrying amounts of the respective recognized financial assets as stated in the consolidated balance sheets.

The Group has a policy of dealing only with creditworthy counterparties. The credit lines of those counterparties were granted through credit analysis and investigation based on the information supplied by independent rating agencies. The counterparties' transaction type, financial position and collateral are also taken into consideration. All credit lines may have expiration dates and are subject to reexamination before any extension is granted.

The Group transacts with a large number of unrelated customers and thus, credit risk is not highly concentrated.

## 3) Liquidity risk

The Group manages liquidity risk by monitoring and maintaining a level of cash and cash equivalents deemed adequate to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, the management monitors the utilization of bank borrowings and ensures compliance with loan covenants.

The Group relies on bank borrowings as a significant source of liquidity. The Group's unutilized overdraft and bank loan facilities amounted to \$70,939,939 thousand, \$61,421,487 thousand and \$63,085,866 thousand as of June 30, 2025, December 31, 2024 and June 30, 2024, respectively.

The table below summarizes the maturity profile of the Group's financial liabilities based on undiscounted contractual payments but does not include the financial liabilities with carrying amounts that approximated contractual cash flows:
